	<p>Associazione Sportiva Bresso 4 from Italy, the KCS Machelen from Belgium and the Instituto Superior do Gestao from Portugal.</p> <p>This social integration project aims to break down the barriers that limit the inclusion of young migrants in society and prevent them from having a "normal" life in Europe.</p> <p>The participating clubs already have experience in organising activities for minors at risk of social exclusion and will therefore also carry out exchanges between members of these entities in order to share experiences and learning that can benefit the projects they have already been carrying out.</p>
